Welcome Meeting Program - Friday, 30th September 2016 at 18:30

I will attend. I will take with me _____ persons.

Surprise promenade at Baixa District (Downtown) including a prospective Lisbon Castle sunset view (if the weather conditions allow it).

The Baixa District is the heart of Lisbon and was completely rebuilt after the devastating 1755 earthquake.

The district comprises of magnificent plazas, which are connected by straight avenues lined with grand 18th-century architecture. This is the district of Lisbon where tourists will spend the majority of their time; the streets are lined with cafes and buzzing nightlife is within walking distance.

The battlements of Castelo de São Jorge (Lisbon Castle) provides fantastic views of the Baixa District and the Rio Tejo (River Tagus) while the fortified citadel is steeped in history.

Lisbon Castle is one of the best tourist attractions of the capital.

This program is free of charges (except for the optional meal – see Welcome Meeting Program dinner above).

I do not experience any trouble to stand up and to walk around.

I have some locomotion difficulties.

A person with me has some locomotion difficulties.

Meeting point at Rossio Square (Praça Dom Pedro IV) - on the Teatro Nacional front stairs (National Theatre building frontage at the north side of the square).

Rossio square is an important transport hub, with bus train and metro stations.

The Praça Dom Pedro IV is the official name of the square after the inauguration of the statue of Dom Pedro IV in 1874, but Lisbon's residents have never taken to the name and still refer to the square as Rossio.

The rough translation of Rossio means *common land* and it was here that the old city of Lisbon centered around.

The full plan for the walk, the captivating sights and attractions we will visit and all the information concerning this program will be provided in advance for those who will attend.

For a first glance, please take a look at <http://lisbon-portugal-guide.com/>, from where we have gathered the sentences above.

In this case, as access to the exhibition areas is not included, we can do it after the visit, with a minimum of 8 persons. This will be an extra program activity.
